PROFESSIONAL SUMMARY

Enthusiastic and dedicated MEARN Stack Developer with hands-on experience in building full-stack web applications using MongoDB, Express.js, Angular, React, and Node.js. Passionate about creating efficient, scalable, and user-friendly applications. Seeking to leverage technical skills and project experience to contribute to innovative development projects in a dynamic organization.

TECHNICAL SKILLS

Frontend Technologies: Angular, React.js, HTML5, CSS3, JavaScript (ES6+)
Backend Technologies: Node.js, Express.js, RESTful APIs
Database & Tools: MongoDB, MySQL, Git & GitHub, VS Code, Postman

PROJECTS

Bank Management System

Technologies: Angular, Node.js
- Developed a comprehensive bank management system with account management, transactions, and customer data handling.
- Built secure backend services and responsive Angular UI.

E-commerce Application

Technologies: Angular, Node.js
- Built a complete e-commerce platform with shopping cart, authentication, and product filtering.
- Implemented responsive UI and REST API integration.

Restaurant Management System

Technologies: React.js, Express.js
- Developed a restaurant dashboard with menu and category management.
- Built dynamic UI using React and backend APIs with Express.

Netflix Home Page Clone

Technologies: React.js
- Created a responsive and visually appealing Netflix homepage clone with category-based browsing.
